

Helping Consumers Stay on Medications During the Pandemic

You want your consumers to stay on their medications while keeping safe and healthy during the COVID-19 crisis. **We can help.**

Genoa Healthcare offers a variety of pharmacy service models to fit your needs. All models provide direct access to a Genoa Healthcare pharmacy team that can:

Fill all medications.

Conduct outreach calls to boost medication adherence.

Offer mail and delivery services whenever possible.

Provide prior authorization help as payers change or reinstate requirements that were waived due to the pandemic.

At most locations, meet consumers curbside for easy, minimal contact pick-up.

Genoa Healthcare® by the numbers

Everything we do is dedicated to medication adherence, which is why we're able to achieve:

90%

Medication adherence rate

18%

Fewer ER visits

40%

Fewer hospitalizations
